

Woodlem Park School Dubai: Leading with Purpose and Responsibility

Woodlem Park School Dubai is proud to contribute to a brighter future, not only through education but also by making a positive impact on the world around us. As part of our commitment to social responsibility, the school recently participated in the **"Donate Your Own Device" (DYOD) initiative**, in collaboration with The Digital School, a program under the **Mohammed Bin Rashid Al Maktoum Global Initiatives**.

Donate Your Own Device

There are students out there that have never been on the internet.

Students who have never held a tablet, a laptop, or a smartphone.

Imagine all the things they're missing out on.

OUR Mission:
With a goal to collect 10,000 devices. Our mission is to bridge the gap caused by barriers to digital equity by giving second-hand devices a second life and expand the reach of education to underserved communities worldwide.

Now imagine that your old device is going to be their gateway to the modern world.

BE PART OF THE CHANGE

Empower Underserved Communities

Reduce E-Waste

Promote Sustainability

How Do We Handle Your Devices?

*If you don't have an old device, you can still contribute to this amazing cause by donating any amount to our fund.

Which Electronics Can Be Donated?

Computers, Laptops & Tablets

Accessories, Headphones, Chargers & Power banks

Telecom & Networking, Routers, Switches, Modems

Smartphones

Printers

If you'd like to donate, please sign our pledge at www.donateyourowndevice.org to know when donation stations will open up around the UAE!

OUR PARTNERS

الإمارات الأحمر
EMIRATES RED CRESCENT

ECYCLEX

Reloop

Our school played an active role in this campaign, contributing 23 electronic devices, including laptops, tablets, and smartphones. These devices went directly to students in need, empowering 56 children with the tools necessary to pursue their education in today's digital age. Through this effort, we were not only able to help bridge the education gap but also took significant steps toward environmental conservation.

Social Environmental and Quality Certificate Woodlem Park School, As a gratitude for your contribution to the initiatives (DYOD Donate Your Own Device). Your participation contributed to supporting 56 students, reducing 18 kg of carbon dioxide, saving 5.04 cubic feet of landfill space, saving 25.92 liters of oil, and saving 86.4 kilowatts of electricity.

By participating in this initiative, Woodlem Park School contributed to reducing 18 kg of carbon dioxide emissions, saved 5.04 cubic feet of landfill space, and conserved 25.92 liters of oil, along with 86.4 kWh of electricity. The initiative demonstrates how recycling and repurposing technology can create a ripple effect, benefiting both the planet and those in need.

In line with our school's vision, we believe that even the smallest actions can create a meaningful impact on the world. This campaign was a testament to our collective power when our school community—students, parents, and teachers—come together for a common cause.

We look forward to continuing our efforts in supporting such noble causes. Woodlem Park School encourages every member of our community to join hands in similar initiatives that reflect our shared values of responsibility, sustainability, and empathy. Together, we can make a difference, one action at a time.
